

1ST European Ground Squirrel Meeting
 Felsőtárkány, Bükk National Park, Hungary
 20.-24. October 2006

DECLARATION

Based on previous knowledge and the information presented on this meeting, we fully agree that the European Suslik is a threatened species over most of its range, thus we support that coordinated conservation effort is needed for its survival.

Felsőtárkány, 22nd of October 2006.
